

Citizen science

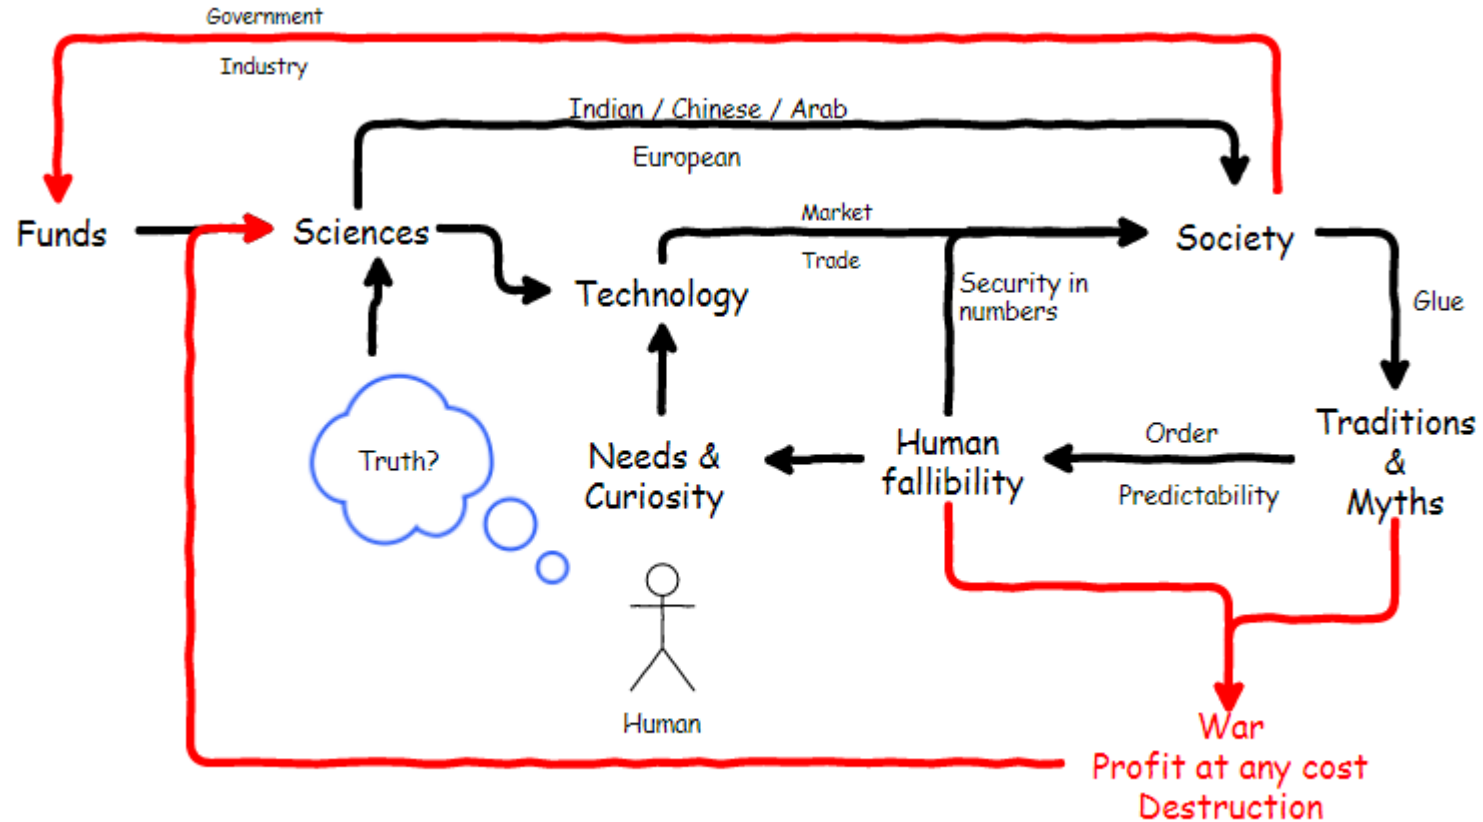

The SoS story

The SoS story

The SoS story

Major outcomes of the funding model

- Ecological destruction
- Mass-extinctions
- Wars and destruction
- Consumerism
- Local violence ?
- Rich-poor disparity ?

Pertinent questions

- No funds, no sciences?
- Educational barriers/license for sciences?
- Science only for interests of rich and powerful?
- How to convince R&P to fund sciences for us?
- What are our questions/needs?

Video break

Bottom-up Citizen Science

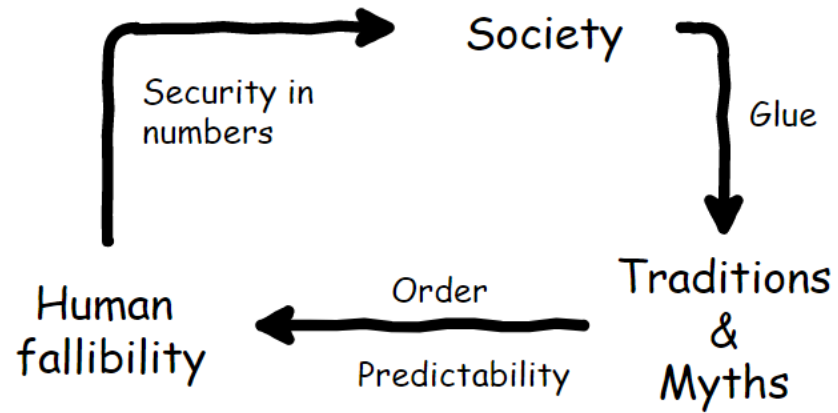

- Crowd funded
- Amateur science is OK and necessary!
- Opensource
- Peer-to-peer training

Science for here and now...

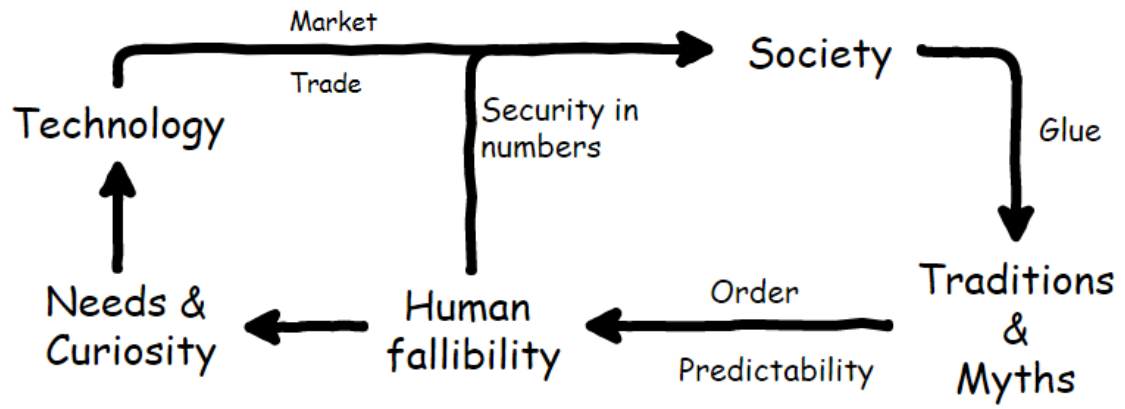

- Volunteering for wildlife census, documentation
- Maker culture
- Amit Godse - Protecting/relocating bees in Pune
- Samuchit Envirotech - low smoke firewood cooking
- Air pollution devices
